

Connecting the Dots for Family Caregivers

Are you supporting a loved one through their health care journey?

If so, we want to hear from you.

In partnership with family caregivers, healthcare organizations across Huron Perth are coming together to make improvements that will ensure family caregivers feel valued, respected, engaged and supported in their important role.

You can be part of this exciting project by sharing your experience as a family caregiver. Your story will be used to identify areas for improvement and will help to change the experience of family caregivers in our community.
